Salesmen are generally paid stated saliries for their services; but the amount of such story is governed materially by the vive they mike Consequently, there is a strike existing among

Sait the party who gives his constant attention to advertising during the dull acason, find at the constant is active. The feet and would be lost to advertising during the dull acason, find at the sense indicates the ment of the conference obtained at his store, the conference treatment and the bars appearance, and they do not laid covered at the legiuning of the drouth terms and the bars appearance, and they do not laid. The heter way is to coar active lightly, after the call again Since the dull-acason in trade is the best to which to advertise, the question arises, whether the most advantageous way of doing it. Experience has proven that the columns of a largely circulated, lively, apply, newspiper, are the best for making known the state of a main inclosed to the control institute dupon. In making the most advantageous way of doing it is a largely dull the state of a main inclose the control institute of the most of the control institute of the control

THE BALL CHAMPIONSHIP. The Most Wonderful Match Come On Re-cord—Cincinnuatiuvs Mutual-The Cham-pious Defeated.

TITUSVILLE, PA., TUESDAY, JUNE 22,

From the New York Sup. 16.

had written with force and spirit white a student. The Tribune was started the next April, and Mr. Symond the dot the second piace on its chiorria and from the ontset until the autumn of 1815, when he resigned it to accept a rike position of the dot at first base. Hattled did the same should be store as they years; listing Europe of the Courier and Enquirer, which he they ice relinquished after a ten years; listing Europe with all samily, and being repeatedly elected to the Assembly of our State, where he was in the second term chosen Spienker. He now started the Timer, of which he was from the first sole softior, though well served by assistants. He now started the Timer, of which he was from the first sole softior, though well served by assistants in 1854 and elected to Congress from our Vita bis treet in 1864. Mr. Johnson in 1857 nominated tim for Minister to Austra, but the Scuand dim for Minister to Austra, but the Scuand did looked safe, but C floot for under it, and made a pretty catch. Waterman sent agrounder to little was characteristics.

cought 10.7 , which cought to the reside missed a catch, then opponents, yet neither side missed a catch, tight of the "Red Stock eds" found only three of the Minner. Without question, those who were fortunate enough to winness the game will never see its like span. Beyorded in all its aspecia, it reflects the holiss tredit on both claim. A though exerting to the exceeding it was carried through from legitanting to end in the most friendly spirit.

we take pleasure in informing our massest friends that having greatly collarged such as the first accounts are key that each of the surface to the man to them, and when the time arrives to be formed in the production of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives to the end of them, and when the time arrives are the end of the e

Officers Appointed
Page, June 21 Beling der is resppointed President of the Corps Legisl tiff, and Altred Detail, Baron Joseph David Dumari, Vice Presidents The Great Eastern.

BREST, June 21
The tirest hastern has arrived. The spice in the shore end will eson be made and the new cable under way.

A banquet was given on loard the stemmship Great Eastern last night. Tossis were drank to honor of the Emperor Napoleon, Queen Victoria and President Grant, and to the union of France, England and America. At an early hour this morning the short line and sea cable were spiced, and at day light the whole expedition put to soa, the Great Eastern paying out the cable with the sace and rapidity. Dispatches received from on board the atcamer show the work is going on without interruption. Viceroy of Brypt

Ismse! Pacha, Viceroy of Egypt, leaves los London to morrow.

Loudon to morrow.

Mil AN, June 2t
Slight tumula occurred here yeaterday. The military was called out but met no resistance All quiet now. Count Torre, Frefect of the Prevince, issued a proclamation threatoning to tak severa measures to repress outbreaks if they arrenewed.

The Peace Jubilee

The Fence Jubilee

The supplementary concert of the Fence Fentius came off in the colliseum to-night before an undinne of 15,000, and was a great success Five thousand continers and Madame Farepa Rosa, Mass Adelaide Philipp and Ole Bull participated The concert was conducted by Measts, Glimore, Surrapan and Rechief It is probable that there will be no more musical entertainments given in the colliseum this west, at least not till Saturday when a series of popular musical entering means will probably be imagerated. In most of the churches to day favorable allusions was made by preacher to the great moral accomplish ments of the Poace Featival They were united in commendation of the sflar.

The commencement which I have reason to expect, they may rely on-tion will take place on the let of July. The trely upon my second. It is not my intention

Petroloum Items LOCAL NEWS. A new well was struck on the Niegars Off

Company's tract, Cherrytres run, yesterday, and inst evening it was producing at the rate of fifty barrels, although previously or thirty barrels higher. It is owned by Mr. G. Bolles. The well No. 2 on the Evans tract of the Sancy farm, on the same run, is yielding fifty barrels. This well was previously reported to operators and the minere do not yet thoroughly well on Kans run, a tributary of the atream above named, will be tested to-day. The oil yielding thick and of inferior quality. Until within a day or two this well was supposed to be located di rectly on the oil belt extending southward from the Baney and other larges, and hence its progress and being watched with interest.
The product of the new well owned

by Messrs. Trombly, Brown & Galway on a tract of the farm on West Fithole creek, formerly owned by the Independent Oil Company, which was reported at seven ty barrels per day in yeaterday's issue, is not over thirty-five barrels GENERAL NEWS.

The exports from New York, from January 1st to June 19th, and from all other parts to June 19th, this year, were 38,810,027 gallons against 36,975,014 gallons during the same time in 1868 On Friday last there were sixty seven vessels loading at New York and Philadelphia for Europe, which were to take out 193,000 barrels o Riffmett.

There was not much an mailon in the New York market on Friday last. Crude in bulk was in rair request at 161/c to 17c for immediate delivery, at which 2 500 barrels changed hands. In dispused of at 15c, saller August, and 14c, to Penitentlary. 15c. seiter all year. In New York sales of 2.500 barrels Refined were made on Friday at 30%c. to 31c., for June. In the Pittsburg mar ket, on Saturday, Crudo was quoted at 14c to 141/ce. for spot. The feeling was quiet.
A new flity barrel well was struck at Petrolis,

Cauada, about two weeks ago. Western Lands.

A long pending suit has just been decided it Chicago by Judge Drummond, of the United States District Court for Northern Illinois, o which the subject matter furnishes a striking if instration of the enormous appreciation in val ue, within a period of thirty four years, of west ern lands.

In the year 1835 an agreement was made b tween Henry Seymour, of Utica, N. Y., and Jer emish Price, of Chicago, by the terms of which lands the sum of five thousand dollars. Accord ingly 2 440 scres of land were purchased, with the understanding expressed in that they were to be sold again for the benefit of Mr. Seymour within fir years from the time of purchase, fore that time elapsed Seymour died, the crast rults for market is becoming a business of no laken by Mr. Price or the heirs of Seymour to In 1854 Price, and in 1857 his administrator, sta ted in a communication to the court that about two bundled acres had been sold for the sum o \$70,000

The decree just pronounced by Judge Drum mond is flust so to the sale of the zer due of the land, though on appeal may be taken which may affect the distribution of the proceeds. Should the whole purchase bring as large a price a what has already been sold, the original invest ment of tive thousand dollars will secure for the parties entitled to it nearly one milden dollarson increase in value of two has dredfold

The July Magazines.

PUTNAM'S MONTHLY. - The July number cam meaces the fourth volume of the new series the first article is a very spirited account thy one who was there," of "That Night at Fou Wagner. "Anchored off Bingh inton" is the if tte of a paper on the state Inchriate Asylum by one of its patients, which would be read with great interest if the writer had been more accustomed to literary exercises. The third prose ar ticle is a translation from the French of M. Chas Hugo, (the manuscript baying been sent origin an historical sketch of how the French extles who had taken refuge in the island of Jersey personal experience by M. Victor Hugo, which land we have lately read in "L'Homme Q-n Rit. Turning over the pages the reader who prefers only to be amused, will find further on two charming magazine stories by Miss Carollus Cheesbro' and Miss Louisa M. Alfeott, besides a sketch of animal life in the open sur, cuttied

fore, resson to believe that in a short time work will be resumed throughout the flobsylkill and Surquehanas così regions. In the latter, affaire have not yet reached such a position as to proodiato resumption of understand each other, and their notions are, to s certain extent, antagonistic. The prinof regulation which seek to graduate the wages of miners according to the prices of coal, is still insisted upon. In the Schuylkilli region the shippers and operators have substantially yielded to the demands of the workmen, and now that they have done so they profess to see many advartages in the plan. But in the Lehigh and Wyo ming regions matters are not yet inti-cettled, the operators decilining to accord to the demands of the strikers. A short time and all the operators agreed as to the necessity them of resisting the demands of the miners.
They saw, or though they saw, great danger and injury to the business in them. They said that

During the last week the aspect of matters to

the coal regions has materially changed. The Commercial List says the miners have discover-

ed that strikes are not profitable. The operators

have grown weary of idlenute. There is, there

acheme of payment, by which wages were the great commercial centres, was in restity method of making a partnership between ment they thought there was great danger to the trade, those of the employers who still with-stand an arrangement with the workings yet argue in this way. But those who have submitgreat good in the arrangement. They believe hat by making the interests of the miners de pendent upon those of the operators, the former will be inclined to be more peaceable, attentive to business, and willing to work. Thus there will be a better understanding between both inerests, and a desire to work together. sociations, and selected officers; the latter are

for the conduct of their fellows. They have in fluence to prevent outrages such as have fre quently occurred, and in case of trouble or diff. culty, they can be argued with, and made to unthe trade, which to the ignorant would seem to he incomprehensible. It is to be hoped that these riews will prove to be correct and sensible, and that they will be sustained by fact and expe rience. The public is largely interested in a cer stion of the difficulties between the miners and the operators. The public wants cost. What ply of fuel regular and abundant are for the pub-lic interest, and in this point of view, every one will rejoice to learn that there is reason to be fleve that the stoppage in the mining and ship-STRAWRERRIES.—The growing of the small

of the garden. This state of things has come not

truits as of the new modes of culture and transportation, that have changened them within the ries at seventy five cents a quart, and other into general use for food, for the simple reason that they are out of the reach of the majority of housekeepers. If put in a relative post tion with other food as to price, the consump tion will be in proportion. At twenty five cen a quart, ten bushels a day for a population of five thousand will supply the demand; reducthe price to twenty cents and twenty bashels w be sold, and yet, at ten cents, seventy five bushels are used as a part of the meal, not as a mere de sert. The early berries marketed here com-principally from southern Ohio Ja all of the Western Statesthey are cultivated in great along dance. A contributor to the Chicago Tribus productive in regard to this fruit yet on record and it is claimed that had the weather been laye rable and pickers more abundant, that nearly double the amount would have been sent for fields. One man civians to bave shipped 6,000 qu from seven eighths of an acre, being at the rat of 214 bushels to the acre. Another reported 8,000 quarts on two acres; another 8,472 quart patch of 180 square yards (ulue by twenty rods) planted in hills one toot he eighteen inches a six plants to the square yard, yielded over 26

quarts. This is at the rate of 5,777 quarte or, adding for there are; by the grower, makes about 150 bushels to the nere Bince the abundance and cheapness of the small fruits, summer complaint and disorders of the bowels have almost disappeared from ou population. The money that we used to pay to paregoric and Mrs. Winslow's coothing syrup s now applied to the purchase of burries. The butchers' bills have grown less, and the demand for cakes, pies and other pastries, is less press. ing. We are glad to note the increasing atten "BLEST BE THE THAT BINDS."-Our genish tion paid to the cultivation of this delicious fruit " who has intelled in all arc long. It is

little inventment of capital, and the labor amply repaid. SAD CATASTROPES NEAR ROCHESTER .- Th elegraph reported the drowning of three ladies on his own account. Copid held high at Irondsquoit, near Rochester, on Wednesda lest. The socident occurred on the farm of (. Woodworth. It appears that Mrs. Mary Perkine, and two of her deprinters. Ruth and Kiten riding in a buggy along the bank of a mil poud. It is supposed that the horse became frightened and backed with the party into the water, where it was some twenty feet deep. In about half an hour from the time they were seen o pass the house of Mr. Stanton, Mr. Ezr Stanton and wife, who were going to the same lace, discovered the body of Mrs. Por kins floating on the water. He immediately took her from the pond. There seemed to be spark of life left, but all sticmpts at resuscits tion were in vain. The body of one of the daughters were recovered in about half an hour and the other in about two hours after the dis-

> Augulah when the and intelligence reached him, and it was feared for a time that reason would be dethroused. There are three children left, a laughter, in age between the two who were drowned, and two seas, one older and one yuanger than the remaining danghters. The sad calamity created the profoundest sympathy in Irondequoit. A Cara,—As a russor to being circulated in Titusville and vicinity to the effect that I have
